Note continued

The Deputy Commissioners of Bangalore, Kolar, Shimoga & Kadur Districts were called upon to submit their proposals in accordance with the above order. The Deputy Commr Bangalore D.f after some correspondence with this office, stated in his last letter no 420 of the 5th October/95, that compensation had to be paid in only 2 cases, viz - for lands taken up (1) for Ramanmadhure (2) for the channel from Ramanmadhure to irrigate lands at Nagarahalli, Channapatna Tk, and that he would submit proposals in respect of its settlement after receipt of information from the Executive Engineer to that effect. (The file herewith submitted does not throw any light-

as to whether
as to any report has
since been received).

The Deputy Commr
Kasaragod, states in his
letter no 1015 of 5-5-97, that
the claims of individuals
whose lands were
acquired without the
previous sanction of
Govt, have also
been settled.

The Dy. Commr, Kasaragod,
states that there are no
cases pending disposal
in any of the Taluks in
his D.I. But it will be observed
from the same that
compensation for
encroachments on Land in the
use for Public purposes
has not been paid for
the reason that the holders
have not advanced
their claims to the same.
(A reference to the Dy. Com-
missioner Kasaragod seems
necessary to know if
this has since been
paid).

It may also be noted that a
report as to the settlement of land
compensation due for the Lands
submerged in the Anjarakandi
Village by the restoration
of the Madikeri tank, has
is still due. Please see

D.O. dated 13th April 1909, from the Deputy Commissioner, Bangalore District to Mr.E.Ramaswamyya,1st Assistant to the Revenue Commissioner in Mysore.

---

Your D.O.No. 509 dated the 10th/12th April 1909, in the matter of the lands acquired for Ramannakere Channel, Chennapatna Taluk.

It is ascertained that the records in the case were mislaid in the Chennapatna Taluk and after a protracted correspondence they were found out to be in the Taluk itself without giving effect to the order of the Sub-Division Officer of Clospet.

The records have been returned to the Assistant Commissioner to call upon the Amildar to give effect to his previous order and submit a final report in the matter.

A reminder has again been sent to him to-day.

SIR,

In continuation of this office letter No.10770, dated 16th April 1909, in the matter of the submission of a final report regarding the payment of compensation for lands taken up for the Ramanakere Channels, in the Chennapatna Taluk, I have the honor to submit herewith, for the information of Government, copy of letter No. R.C.611, dated 29th April 1912, from the Deputy Commissioner, Bangalore District.

2. It will be seen therefrom that lands were taken up for constructing a feeder channel to the tank and an irrigation channel from it. The Deputy Commissioner states that the question of payment of compensation for the lands taken up for the feeder channel will be settled on receipt of further particulars called for from the Amildar, and that, as regards the lands taken up for the irrigation channel, the holders thereof had agreed to forego their claim to

compensation

Letter No.611 dated 29/30th April 1912, from the Deputy Commissioner, Bangalore District, to the Revenue Commissioner in Mysore.

-- -----

With reference to your Memo No.10771 dated the 16th/20th April 1909, calling for a report regarding the payment of compensation for the lands acquired for the Rammammanakere channel in the Chennapatna Taluk, I have the honor to state as follows:-

2. The projects consists of two items viz.,(1) opening a new channel from Abbur Anekat to the Rammammanakere tank (feeder channel) and (2) opening a channel from Rammammanakere for irrigating the lands of Mangalvarpet and Chikmalur villages.

3. These works were undertaken in 1892 by the P.W.D. as relief work at the instance of the Deputy Commissioner to afford employment to the indigent inhabitants of Chennapatna.

4. While executing the work, certain lands of the Sarvamanya village of Abbur belonging to the Sri Vyasarayaswami Matt of Kundapur, were taken up for the feeder channel of the tank. This feeder channel included certain portions of the old channel bed as well as some private lands belonging to the said Sarvamanya village. . The raiyats whose lands were acquired prayed that they may be permitted to cultivate the

pekkiman

portions of the old channel bed running in their respective lands in exchange for an equal extent of their lands taken up for the new channel and also claimed compensation for the remaining portions of their lands. Accordingly, in the rough measurements made in 1893, it was ascertained that an extent of 7 acres, 4 guntas of private lands had been included in the new channel and 1 acre, 28 guntas of old channel bed was available to be given in exchange and that a compensation of Rs.187-8-0 had to be paid for the remaining extent of 5 acres, 16 guntas. When the compensation statement was sent to the Executive Engineer for verification, he disallowed a sum of Rs.40/- on the ground that the total amount worked up to only Rs.147-8-0.

5. In 1895 the Amildar reported that the lands belonging to 4 other ryots had been omitted in the above statement and that, as the village was a Survamanya one, it would be better to pay the amount of compensation to the Inamdar after ascertaining the exact extent of land to be compensated, instead of settling the individual claims of the tenants, leaving the latter to settle their claims with the former. Thereupon an order was issued to him to have the lands measured exactly and to ascertain the extent of land to be compensated for and to select suitable lands to be given in exchange.

6. At this stage, the records being mislaid in the Chennapatna Taluk Office, the matter could not be disposed of. The records were, however, subsequently traced out. Now, after the detailed survey has been introduced into the Survam -manya village, a fresh measurement was made, and, from it, it is found that the lands acquired for the new channel measures 8 acres, 36 guntas and an extent of one acre 32 guntas of the old channel bed has been included in the holdings of the raiyats. Thus, the remaining extent for which compensation has to be paid is 7 acres 4 guntas. But in the statement now received from the Amildar, it is not clear whether the lands of the old channel bed have been given in partial exchange to the same ryots whose lands were acquired for the new channel. Further, the Amildar has not stated the amount of compensation to be paid, but simply reports that no lands are available to be given in exchange. The records have, therefore, been returned to him for ~~his~~ re-submission of the same with full particulars. On receipt of his report, the matter will be settled.

8. As regards the 2nd ~~item~~ item, the matter has already been disposed of. The ryots stated that compensation need not be paid to them but that they should be allowed to continue to be in possession of the lands taken up for the channel with the restriction that they should not cultivate within ~~the~~ a

a margin of one yard on either side of the channel, and that they should be given the privilege of cutting the grass on the rear and front slopes of the ~~bank~~ bank and ~~the~~ that the right to the trees should be reserved to them. The P.W.D. authorities having accepted these terms, the prayer of the ryots whose lands were taken up for the ~~xxxxx~~ irrigation channel is re-ported to have been granted long ago.
